

REMARKS

The pending application has been allowed. Applicants are filing a Request for Continued Examination with an Information Disclosure Statement. Applicants are also amending the claims as discussed below.

The Patent Office restricted the originally filed claims into a plurality of Groups. The Applicants traversed the restriction, and the Patent Office continued the restriction by withdrawing various claims from the application. During prosecution of the application, Applicants made amendments to claim 1, among other claims. In the Notice of Allowance, the Patent Office removed the restriction, and the withdrawal of various claims was removed. However, some of the previously withdrawn claims were not amended, and therefore, have antecedent basis errors. This Amendment corrects antecedent basis errors identified by the Applicants. Applicants assert no new matter has been added, and request entry of this Amendment.

The undersigned is available for telephone consultation during normal business hours.

Respectfully submitted,

Sheldon L. Wolfe
